

## Sixty Ways to Serve the First Coast

### Mission Project Ideas

#### LOVE First Coast - Love and Serve the First Coast

Love First Coast is designed to unite our FCC churches in an effort to *show* and *share* the love of Christ during September 2023. Although the primary target for mission involvement is the local church, we are encouraging families and individuals to discover additional opportunities they can do outside of church initiatives. Consider the potential for missional impact through the following:

- **Churches** – Churches are encouraged to discover missional opportunities in their community, recruit, equip, and release teams to meet those needs through intentional mission initiatives. A special emphasis is placed upon **Serve Day**, which is **Saturday, September 30, 2023**.
- **Families** – Missional churches are comprised of families and individuals who live on mission. When missional DNA resides in the church membership, there is a heightened sensitivity to ministry opportunities. A missional family creates a nourishing environment for the birthing the next generation of missional disciples.
- **Individuals** – Individual acts of kindness enables believers to demonstrate kingdom *life* and *love*. These acts of service can also provide an opportunity to launch gospel conversations.

#### Discovery

- **L**ift your eyes and look at the field around you. Jesus encouraged His disciples to simply look around them because they were surrounded by mission opportunities: *Do you not say, 'There are yet four months, then comes the harvest'? Look, I tell you, lift up your eyes, and see that the fields are white for harvest.* (John 4: 35)
  - The fields are white with opportunity

- Wherever there is a *need*, there is an *opportunity* to display God's love
- **O**pportunities and options – “Picture This”
  - The search: Involve the church body (using Smart Phones) to provide digital evidence of mission opportunities
  - The picture initiative optimizes the involvement of the church body and serves to raise the MQ (Missional Quotient) of the church. Involving church members in the discovery process also results in the development of a more comprehensive and diverse list of opportunities.
- **V**et the options prayerfully
  - Consider the many opportunities available around you
  - Where do you sense the Holy Spirit is leading you to serve?
- **E**ngage the mission field – GO!
